Officer Duties Self-Assessment	
An assessment of the brewery's Safety Risk Maturity against Safework Australia six principles of officers' safety due diligence.	
Continuous Improvement	
Safety Improvement Plan	
Safety Risk Maturity Level	Dashboard Report
Safety Risk Improvement Recommendations	Support to implement the recommendations
IBASafe Safety Management System Implementation Checklist	
Ongoing audit and assurance program	
Annual On-Site revisit to ensure you stay on track	Quarterly online meetings and/or teleconferences
Brewery Manual	
IBASafe Safety Management System	
Templated brewery safety management system aligned with OHS Management System AS/NZS 4801:2001 incorporating tools, checklists, policies, procedures, presentations for toolbox talks etc. to support management of common brewing hazards, such as:	
Working at Heights	Confined Spaces
Traffic Management	Emergency Management
Pressure Vessels / Boilers	Contractors
Employee Induction	Manual Handling
Forklifts	Chemicals Management
Hot Works	Incident Reporting & Management
Hazardous Substances	Driver Safety
Education	
Officers' WH&S Duties Training	
Online training course and certificate of completion	
Online education	
Alcohol and Other Drugs in the Workplace	Injury Management for Workers
Armed Robbery Safety Awareness	Managing and Controlling Asbestos in the Workplace
Confined Spaces Hazard Guide	Manual Handling Hazard Guide
Contractor Induction	Manual Tasks for Workers
Driver Safety	Personal Protective Equipment Hazard Guide
Duty of Care for Managers and Supervisors	Noise Hazard Guide
Duty of Care for Workers	Occupational Health and Safety Fundamentals
Electrical Risks Hazard Guide	Office Ergonomics
Hand Operated Power Tools Hazard Guide	Risk Management for Managers and Supervisors
Hazardous Chemicals for Managers and Supervisors	Slips and Trips Hazard Guide
Hazardous Chemicals and Dangerous Goods Hazard Guide	Underground Utilities Hazard Guide
Incident Investigation	Warden Training
Injury Management for Managers and Supervisors	Working Safely with Hazardous Chemicals in the Workplace
Incident Management	
Hotline - 1300 732 255	
Access to advice when an incident occurs	
Optional Extra - Workers Compensation	
Management of WorkCover Provisional Impairment Notices	Preventative Injury / Incident Recurrence advice
Management of Significant Accidents / Incidents	Advice on reducing premium costs
Return to Work Co-ordinator
